Cl.6;Building materials and building elements of metal; construction materials of metal; steel sheets for building purposes; plates of metal for building purposes; shaped metal components; shaped metal components for building purpose; castings of metal for building purposes; steel forgings; track construction material of metal; rails of metal; tracks [rails] of metal; railway construction material of metal; railway switches of metal and steel; building elements of metal in the form of panels; building materials of metal for reinforcement purpose; structures and transportable buildings of metal; ladders and scaffolding, of metal; metal scaffolding for facades; facade building components of metal; facade elements of metal for buildings; goods of common metals and their alloys for construction purposes; pipes, tubes and hoses, and fittings therefor, including valves, of metal and steel; couplings of metal for tubes; steel constructions; framework of metal for building and constructions; steel frames for construction purposes; frames of metal; structural platforms [supporting structure] of metal; doors, gates, windows and window coverings of metal; roofing sheets; metal containers for storage or transport; wrapping or binding bands of metal; unwrought or semi-wrought common metals; ores; iron ores; iron ore in brick shape; metal in powdered form; metal in powdered form for use in manufacturing; steel; steel alloys; stainless steel; common metals and their alloys; common metals and their alloys including profiled metal sections [semi-finished]; metal sheets, metal bands; metal strips; slit strips of metal and coiled metal bands (coils); metal sheets, blanks of metal sheet as components for automobile construction; steel and stainless steel in the form of strips; steel and stainless steel in the form of bands; steel and stainless steel in the form of coiled bands

(coils); steel sheets; steel sheets for automobile construction; panels of metal; panels of metal as components for automobile construction; steel fabrications; steel fabrications coated or uncoated; metal alloy forgings (rough or semi-finished); open-die forgings and die-forged parts (pre-fabricated or semi-finished); bar steels; bright steel; ironmongery of metal for building purposes; metal goods for building purposes; metal hardware; molds of metal; cables, wires and chains, of metal; cables and wires, of common metal (non-electric); wire for ropes; nuts, bolts and fasteners, of metal; metal hinges, metal strap hinges and metal hinge clamps; fittings of metal for furniture; shelving frames of metal for storage racks [other than furniture]; welding and soldering materials of metal; soldering material in the form of soldering wires; welding wire; welding wires as welding auxiliaries; filled welding wires, namely cored wires; welding wires with flux core; welding rods; welding rods of metal with flux coating; welding sheets; welding steel; strips of metal as welding material; metal powder for welding; welding material in the form of weld studs of metal; soldering material in the form of alloys and bars of metal as soldering auxiliaries; soldering material in the form of solder preforms; parts and fittings of all aforesaid goods, included in this class.

C1.7;Machines and machine tools for treatment of material and for production; machines and machine tools for cutting, shaping or finishing of metals or other materials; cutting machines [for metalworking]; separating machines; machines and machine tools for treatment of material and production, namely for the production of cutting lines, punching lines, creasing rules, scoring lines, rotary rules, perforation lines, combination lines; tools [machine parts]; parts of machines for material treatment and production, in particular cutting lines, punching lines, creasing rules, scoring lines, rotary rules, perforation lines, combination lines; tools for machine tools; tools for machine tools for machining or shaping or finishing metals or other materials; machines for sheet metal packaging; punching machines; forming tools, punching tools and bending tools (machines or parts of machines); slides for presses being machines (parts of machines); follow-on punching tools (machines or parts of machines); follow-on composite tools (machines or parts of machines); injection molding machines, plastic injection molding machines, compression molding machines, die-casting and extrusion machines and parts thereof, not included in other classes; tools and molds for injection molding machines, plastic injection molding machines, compression molding machines, die-casting and extrusion machines [machine parts]; blow pins, casting chambers and steel bolts [machine parts]; press parts for pressing jaws and metal molds [machine parts]; blades, knives and saws blades for electrical tools; welding and soldering tools (machines) and devices; welding and soldering machines; electric welding devices; oxyacetylene welding device; laser welding devices; laser welding machine; robotic welding machines; welding robots; mechanical control apparatus for welding machines and welding devices; welding apparatus; electrodes for welding devices; electrodes for welding devices, namely melting electrodes for arc welding; motors and parts of motors, not for land vehicles, not included in other classes; motors and parts of motors for watercraft, aircraft and spacecraft, not included in other classes; motors for machines; drives and their parts for machines; drives and their parts (except for land vehicles); machine parts and control mechanisms for the operation of machines and motors (other than for land vehicles); power transmission devices [other than for land vehicles]; power transmission clutches and parts thereof (other than for land vehicles), not included in other classes; radiators for engines; housings for machines and motors (other than for land vehicles); electric motors and their parts (other than for land vehicles) for machines and machine tools, not included in other classes; stators and rotors for electric motors (other than for land vehicles); valves [machine parts]; parts of axles, motors and gearboxes [machine parts]; parts of generators, couplings, turbines and engines (machine parts); machine equipment for agriculture, earthworks, construction work, oil and gas extraction as well as mining; electrical household appliances, not included in other classes; parts of engines for land vehicles; turbines and engine components for vehicles for transport by air; parts and fittings of all aforesaid goods, included in this class.

C1.8;Hand-operated implements and tools for treatment of material as well as for construction, repair and maintenance work; punching tools (hand tools); knives (hand tools); cutlery made of stainless metal for cutting; knife blades; saws (hand tools); saw blades; shears for cutting metal [sheet metal shears]; knife steel; punching knife steel; parts and fittings of all aforesaid goods, included in this class.

C1.9;Software; sensory software; software for data processing; software and software applications for mobile devices; software for business technology; software for science, manufacturing and civil engineering; software for controlling industrial processes; computer components and computer parts; computer cases; cases for electrical apparatus; cases for batteries and battery packs; parts and fittings of all aforesaid goods, included in this class; electric controls for welding machines and soldering machines; software controlling welding machines and soldering machines; monitoring devices for welding machines and soldering machines; electric power units; AC/DC power supplies; electronic power supplies; power

supplies for welding devices and welding machines; regulated power supply apparatus for arc welding methods; welding transformers; electrical rectifiers; inverters for power supply devices; protective equipment and safety equipment; safety clothing for protection against accident or injury; protective helmets for welders; welding masks; protective goggles; visors for the protection of welders; safety gloves for protection against accident or injury; footwear for protection against accident or injury.

Cl.12;Vehicles and conveyances; vehicles for transport by air; parts and fittings for vehicles, land vehicles, water vehicles, air vehicles and space vehicles, not included in other classes; engines for land vehicles; engines for motor vehicles; structural parts for vehicles, land vehicles, water vehicles, air vehicles and space vehicles, not included in other classes; chassis parts, axle parts and gear parts for vehicles and land vehicles, not included in other classes; parts and fittings for motor vehicles, not included in other classes; chassis parts, structural parts and body parts for motor vehicles, not included in other classes; outer skin parts of motor vehicles, not included in other classes; panels for vehicle bodies; hood shields as structural parts of motor vehicles; casings for components of motor vehicles (other than for engines); building components of metal for automobile construction; vehicle building components of press-hardening steel for automobile construction, not included in other classes; components, not included in other classes, of press-hardening steel for automobile construction, namely columns, bumpers, sills, side impact protection, side-members, crossmembers and crash boxes; holders and racks, not included in other classes, for parts of motor vehicles, namely for batteries and battery packs; battery trays for motor vehicles; parts and fittings of all aforesaid goods, included in this class.

Cl.14;Chronometric instruments; parts and accessories for chronometric instruments, not included in other classes; clock cases; watch accessories, not included in other classes; cases for watches and wristwatches; medals and medallions; parts and fittings of all aforesaid goods, included in this class.

Cl.15;Musical instruments; parts of musical instruments, not included in other classes; strings for musical instruments; accessories of musical instruments, not included in other classes.

Cl.20;Furniture of metal, with or without coating; metal cabinets; desk racks; furniture and non-metallic furniture fittings; table legs; chairs; table extension tops; racks [furniture]; racks being furniture of metal; racks and elements of racks [furniture]; shelves for file cabinets.

Cl.21;Tableware, cookware and containers; household or kitchen utensils; household utensils; baking trays and baking tins; tableware and cookware; containers for household use and kitchen use.

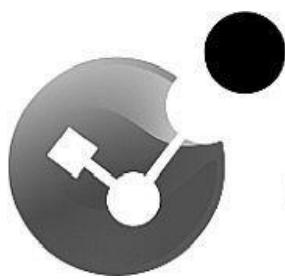

Cl.35;Advertising, marketing and promotional services; advertising and public relations; sales promotion; advisory services and assistance services in the field of advertising, marketing and promotional consultancy; commercial business support services; concluding and arranging commercial transactions for others; procurement of goods on behalf of other companies; business assistance, management and administrative services; accountancy, book-keeping and auditing; administrative data processing; business consultancy; human resources management and recruitment services; office functions services; payroll accounting; office machines rental; business project management services for construction projects; operational business assistance to companies; business analysis, research and information services; collection and systematization of business data; wholesale services in relation to steel, stainless steel, semi-finished products of metal or stainless steel, sheet metal and shaped parts of metal or steel or stainless steel, bands (coils) and strips of metal or steel or stainless steel, rails of metal, metal hardware, vehicle parts and automobile parts, metal in powdered form as well as welding material and soldering material; wholesale services in relation to building materials and building elements of metal; consultancy on the organization and management of companies regarding decarbonization of industrial plants and metallurgical plants.

Cl.37;Building services, construction services and demolition services; construction; building construction supervision; construction consultancy; construction of railways and related consultancy services; installation of building scaffolds, working platforms and building platforms; road construction and related consultancy services; structural and civil engineering construction in respect of agricultural land; construction project management services [building supervision]; plant refurbishment; installation of industrial plants; assembling [installation] of shelving; building maintenance and building repair; installation, maintenance and repair of computer hardware and telecommunication devices; construction, installation, maintenance and repair of industrial plants and metallurgical plants; construction, installation, maintenance and repair of facilities for decarbonization of industrial plants and metallurgical plants as well as related consultancy service, not included in other classes; installation, maintenance and repair

of machine tools for processing and treatment of metal; installation, maintenance and repair of welding machines and welding devices.

CI.40;Metal treating; metal treating, namely stamping, pressing, hardening, forming, forging, machining, cutting and embossing metal; metal treating by surface coating, build-up welding, laser build-up welding and plasma treatment of surfaces; build-up welding of components and tools; laser build-up welding of components and tools; surface coating of tools; production of 3D prints from metal and steel; metal refinishing; forming of metal; shaping of metal components; metallurgical smelting; metal finishing; treatment of metal parts to prevent corrosion; heat treatment of metals; heat treatment of metal surfaces; heat treatment and coating of steel; heat treatment of pipes and tubes of metal; metal coating services; applying surface coating on stainless steel sheets and steel bands; surface treatment of metal goods; coating company services (metal treating); application of wear-resistant coatings on metal surfaces, goods of metal, machine components and tools; welding; soldering of metal; brazing; rental of welding equipment; rental of welding machines and welding equipment; recycling and waste treatment; recycling of metals; custom manufacture of metal goods; custom manufacture of molded parts; metal treatment by transformation of metal for decarbonized steel production.

CI.42;Scientific and technological services; engineering services; technological consultancy; engineering and industrial research; scientific and technological research; technological consultancy services relating to welding machines and welding devices as well as welding; providing technological information in relation to welding machines and welding devices; engineering services relating to metal forming installations; engineering services for the design of machinery and machine tools; engineering services for the design of tools and components; engineering services regarding simulation of tools and components in production cycles or under operating conditions; scientific services relating to natural science; industrial analysis and research services; metallurgical analysis; research relating to metals; development of coatings for metals; development of industrial processes; testing, authentication and quality control; IT programming services; information technology [IT] consultancy; design and development of computer hardware; software design, development, programming and implementation; rental of computer hardware and computer facilities; design services; construction planning; technical project planning; design of vehicles, vehicle parts and their components; design services relating to metal-working tools; design of industrial plants; scientific and technological services in the field of decarbonization.

transistors [electronic]; power converters, in particular of a compact design, in particular for rail vehicles and vehicles for local public transport; electrotechnical and electromechanical control components, included in this class; voltage converters; transducers, electric; direct current converters; rectifiers; current convertors; electric inverters; static converters; high voltage transformers; electric measuring, signalling, checking (supervision) apparatus and checking (supervision) instruments; electrical and optical cables; cable harnesses; commutators; switches, electric; switches for electrical components; micro switches; pressure switches; tumbler switches; lever switches; switching equipment; relays; electric apparatus for commutation and contactors; sensors; resistors; potentiometer; diodes; electrical and electronic components included in this class; electrical and electronic components for use in electric vehicles and rail vehicles, included in this class; fuse boxes; fuses; grounding boxes for audio and electrical signals; conduit boxes; sleeves for electric cables; end caps and covers for electric connectors; plug-in connectors; connectors for electric and electronic components; plugs, sockets and other contacts [electric connections]; contacts, electric; cable connectors; electrical terminal connectors; electrical control boards; protective cases and dust covers for electrical regulating apparatus and connectors; sirens; sirens for vehicles; radio beacons; luminous beacons; warning lights; safety beacons; devices and apparatus for collecting, receiving, processing, displaying and representing data and information; electric switching, monitoring, control and regulating apparatus and devices; electric battery and accumulators; parts and accessories for electric batteries and accumulators; chargers for electric accumulators and batteries; commutators, energy supply installations, battery chargers and apparatus and systems for the distribution of energy, electrical, electronic, computer-based and processor-based controllers and control systems; apparatus for accumulating electricity; electronic programmable controllers; panel meters; measuring and checking (supervision) apparatus; electronic controllers; fuse indicators; measuring devices, electric; instruments for surveying physical data; digital measuring apparatus, electric; electronic instruments for the measurement of electrical parameters; measuring apparatus; electronic measuring apparatus; digital panel meters; electrical controls; computer software for use in remote meter reading; computer software for use in remote meter monitoring; shaft identification gauges; measuring apparatus for the power supply system; transducers; electronic instruments for the measurement of process parameters; digital controllers; instruments for measuring electric voltage; apparatus for measuring values of electric parameters; programmable controllers; measuring apparatus; virtual reality software; data carriers for computers having software recorded thereon; logic master modules (software); industrial process control software; computer software (recorded); software programmable microprocessors; computer buses; computer expansion boards; computer connection assemblies; computer programmes for use with structured system analysis; oscilloscope attachments for converting computers to transient recorders; computer programs recorded on circuit boards; computer programs for scientific data analysis; measuring apparatus for monitoring electrical energy supply networks; measuring apparatus for monitoring transformers; measuring apparatus for recording current, voltage or power; measuring apparatus for recording electrical consumption; measuring apparatus for recording faults in power supply networks or transformers; measuring apparatus for recording insulation faults on electrical apparatus; regulators for transformers; regulators for transformer step switches; regulators for variable electric coils; regulators for variable electrical capacities; regulators for voltages in energy supply networks; regulators for reactive power; regulators for active power; regulators for mains power supply frequency; regulators for compensating earth faults in energy supply networks; signal generators for use in electrical energy supply networks; signalling apparatus for energy supply networks; protective apparatus for use in energy supply networks; communications facilities for monitoring energy supply networks; communications apparatus and telecontrol and control equipment for monitoring and controlling technical processes; SCADA software; monitoring apparatus for energy supply networks; control applications; software for monitoring disruptions in energy supply networks; software for evaluating the supply quality, network quality, voltage quality and power quality in electrical supply networks; software for the storage, visualisation, analysis and automatic reporting of measurement data in electrical power supply networks; software for reading measuring apparatus for electrical energy supply networks; software for storing measurement data in databases; software for the parametrisation of electric measuring and regulating technology; automation apparatus and software for asset management; mobile and fixed measuring and regulating apparatus; freely programmable electronic controllers; apparatus and software for monitoring and certification for electrical energy generation installations connected to electrical energy supply networks; measuring apparatus for status monitoring of elements of electrical infrastructure; electric measuring and regulating apparatus, software and telecontrol apparatus for charging processes for electric vehicles; facilities for accumulating electrical energy; measuring transducers.

CI.35;Advertising, marketing and promotional services; public relations services; product demonstrations and product presentations; trade show and commercial exhibition services; loyalty, incentive and bonus program services; distribution of advertising, marketing and promotional material; advertising, marketing and promotional consultancy, advisory and assistance services; providing and rental of advertising space, time and media; commercial trading and consumer information services; retail and wholesale services for the following goods, namely measuring apparatus for monitoring electrical energy supply networks, measuring apparatus for monitoring transformers and measuring apparatus for detecting current, voltage or power; retail and wholesale services for the following goods, namely measuring apparatus for recording electrical consumption; retail and wholesale services for the following goods, namely measuring apparatus for logging faults in power supply networks or transformers; retail and wholesale services for the following goods, namely measuring apparatus for recording insulation defects in electrical apparatus, regulating apparatus for transformers, regulating apparatus for transformer tap changers, regulating apparatus for variable electric coils, regulating apparatus for variable electrical capacities, regulating apparatus for voltages in energy supply networks; retail and wholesale services for the following goods, namely regulating apparatus for reactive power, regulating apparatus for active power, regulating apparatus for frequency in alternating current networks, regulating apparatus for the compensation of ground faults in energy supply networks; retail and wholesale services for the following goods, namely signal generators for use in electrical energy supply networks, signalling apparatus for energy supply networks, protection devices for use in energy supply networks; retail and wholesale services for the following goods, namely communications facilities for monitoring energy supply networks, communications apparatus and remote control technology and control system facilities for monitoring and controlling technical processes; retail and wholesale services for the following goods, namely SCADA software, monitoring apparatus for energy supply networks, control system applications; retail and wholesale services for the following goods, namely software for monitoring faults in energy supply networks, software for evaluating supply quality, network quality, voltage quality and power quality in electrical supply networks; retail and wholesale services for the following goods, namely software for the storage, visualisation, analysis and automatic reporting of meter data in electrical supply networks; retail and wholesale services for the following goods, namely software for reading measuring apparatus for electrical energy supply networks, software for storing meter data in databases and software for the parameterisation of electric measuring and control technology; auctioneering services; business assistance, management and administrative services; accountancy, book keeping and auditing; administrative support and data processing services, human resources management and recruitment services; business consultancy and advisory services; business expertise services; consultancy relating to the operation of power supply networks.

CI.37;Installation, cleaning, repair and maintenance in connection with the following goods, namely measuring, signalling, inspecting, life-saving and teaching apparatus and teaching instruments, measuring apparatus and measuring instruments; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus for recording, transmitting or reproducing sound or images, transmitters and receivers for communication purposes, network communication apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely network management control apparatus, data communications apparatus, computer hardware for management of recorded content, databases and media content; installation, cleaning, repair and maintenance in connection with the following goods, namely information technology, audiovisual, multimedia and photographic apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely communications equipment, data storage devices and data storage media, replicating apparatus, data processing apparatus, and data processing equipment and accessories, both electrical and mechanical; installation, cleaning, repair and maintenance in connection with the following goods, namely audio/visual and photographic devices, signal cables for IT, AV and telecommunication, magnets, magnetisers and demagnetisers; installation, cleaning, repair and maintenance in connection with the following goods, namely scientific and laboratory devices for treatment using electricity; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus, instruments and cables for electricity, optical devices, enhancers and correctors; installation, cleaning, repair and maintenance in connection with the following goods, namely safety, security, protection and signalling devices, diving equipment, and navigation, guidance, tracking, targeting and map making devices; installation, cleaning, repair and maintenance in connection with the following goods, namely measuring, detecting, monitoring and controlling devices, scientific research and laboratory apparatus, educational apparatus and simulators, voltage regulators; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus and

instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; installation, cleaning, repair and maintenance in connection with the following goods, namely controllers, transistor converters, power converters, in particular of a compact design, in particular for rail vehicles and vehicles for local public transport; installation, cleaning, repair and maintenance in connection with the following goods, namely electrotechnical and electromechanical components included in class 9, voltage converters, electrical transducers, direct current converters, rectifiers, current converters and electric inverters; installation, cleaning, repair and maintenance in connection with the following goods, namely idle converters, high-voltage transformers, electric measuring, signalling and inspecting apparatus and inspecting instruments; installation, cleaning, repair and maintenance in connection with the following goods, namely commutators, switches, electric, commutators for electrical components, microswitches, pressure switches, tumbler switches, lever switches; installation, cleaning, repair and maintenance in connection with the following goods, namely switching apparatus, relays, electrical switchgear and contactors, sensors, resistors, potentiometers, diodes, electrical and electronic components, included in class 9; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical and electronic components, parts and assemblies for electric vehicles and rail vehicles, included in class 9; installation, cleaning, repair and maintenance in connection with the following goods, namely fuse boxes, fuses, grounding boxes, branch boxes, terminals, sleeves for electric cables, end caps and covers for electrical connectors, clamps for cables, plug-in connectors, plug-in connectors for electrical and electronic components; installation, cleaning, repair and maintenance in connection with the following goods, namely electric plugs, sockets and other contacts relating to electric connectors, contacts, electric, cable connectors, electrical terminal connectors; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical control boards, protective hoses and dust covers for electrical apparatus and connectors, sirens, sirens for vehicles, radio beacons, beacon lights, warning lights, safety beacons; installation, cleaning, repair and maintenance in connection with the following goods, namely devices and apparatus for collecting, receiving, processing, displaying and representing data and information, switching, monitoring, control and regulating apparatus and devices, electric batteries and accumulators; installation, cleaning, repair and maintenance in connection with the following goods, namely parts and accessories for electric batteries and accumulators, chargers for electric accumulators and batteries, commutators, energy supply installations, battery chargers, and apparatus and systems for the distribution of energy; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical, electronic, computer-based and processor-based controllers and control systems, power storage devices, programmable electronic controllers, panel meters, measuring and control apparatus, electronic controllers, fuse indicators, measuring devices, electric; installation, cleaning, repair and maintenance in connection with the following goods, namely instruments for surveying physical data, digital electric measuring apparatus, electronic instruments for measuring electrical parameters, measuring apparatus, electronic measuring apparatus, digital panel meters; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical controls, shaft identification gauges, measuring instruments for power supply systems; installation, cleaning, repair and maintenance in connection with the following goods, namely transducers, electronic instruments for measuring process parameters, digital controllers, electrical voltage measurement instruments, measuring instruments for determining the values of electrical parameters, programmable controllers and measuring apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely data carriers for computers having software recorded thereon, logic master modules relating to software, software-programmable microprocessors, computer buses, computer add-on circuit boards, computer connection assemblies; installation, cleaning, repair and maintenance in connection with the following goods, namely oscilloscope attachments for converting computers into transient recorders; installation of electronic apparatus and electronic systems with integrated software; calibration services relating to electronic meters; operation, maintenance and development of cloud-based software applications; consultancy relating to the maintenance of power supply networks.

Cl.38;Rental of signal generators for use in electrical energy supply networks and signalling apparatus for energy supply networks; rental of communications facilities for use in energy supply networks and communications apparatus.

Cl.39;Rental of electric regulating apparatus for transformers, electric regulating apparatus for transformer tap changers; rental of electric regulating apparatus for variable electric coils, electric regulating apparatus for variable electrical capacities, electric regulating apparatus for voltages in energy supply networks, electric regulating apparatus for reactive power, electric regulating apparatus for active power; rental of electric regulating apparatus for frequency in alternating current networks and electric regulating apparatus for the compensation of ground

faults in energy supply networks; consultancy relating to the operation of power supply networks.

CI.40;Rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; rental of generators; rental of electricity generators; electricity generating; consultancy services relating to the generation of electrical power; rental of the following goods, namely electricity generators; rental of machines and systems for the manufacture of energy supply networks.

CI.41;Education and instruction; publishing, reporting, and writing of texts; training, education, entertainment and sporting activities; organisation of conferences, exhibitions and competitions; audio, video and multimedia production, and photography; sports and fitness; rental services relating to equipment and facilities for education, entertainment, sports and culture; library services and rental of entertainment media; rental of audio/visual and photographic equipment and facilities; live performance services; translation and interpretation; ticket reservation and booking services for education, entertainment and sports activities and events.

CI.42;Computer programming and software design; creation, maintenance and adaptation of software; software creation; maintenance and repair of software; software development services; services for the design of electronic data processing software; computer software technical support services; software engineering; software customisation services; IT programming services; software development, programming and implementation; computer hardware development; hosting computer websites, software as a service [SaaS], and rental of software; rental of computer hardware and facilities; IT consultancy, advisory and information services; IT security, protection and restoration; data duplication and conversion services, data coding services; scientific and technological services; rental of science and technology equipment; medical and pharmacological research services; engineering services; surveying and exploration services; architectural and urban planning services; research in the field of natural science; research in the field of earth science; testing, authentication and quality control; design services; conducting of commissioned studies for assessing the quality and stability of electrical power supply equipment; preparation of reports relating to technology; installation, cleaning, repair and maintenance in connection with the following goods, namely software; installation, cleaning, repair and maintenance in connection with the following goods, namely communication, networking and social networking software, data and file management and database software, media and publishing software; installation, cleaning, repair and maintenance in connection with the following goods, namely office and business applications, artificial intelligence and machine learning software, software for monitoring, analysing, controlling and running physical world operations, system and system support software, and firmware; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual and augmented reality software, web application and server software, mobile apps; installation, cleaning, repair and maintenance in connection with the following goods, namely computer software for use in remote meter reading, computer software for use in remote meter monitoring; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual reality software, industrial process control software, computer-stored software; installation, cleaning, repair and maintenance in connection with the following goods, namely computer programs for use with structured systems analysis, computer programs recorded on circuit boards, computer programs for scientific data analysis; rental and leasing of electronic measuring and control apparatus; rental of measuring apparatus for monitoring electrical energy supply networks, measuring apparatus for monitoring transformers, measuring apparatus for detecting current, voltage or power, and measuring apparatus for recording electrical consumption; rental of measuring apparatus for logging faults in power supply networks or transformers, and measuring apparatus for recording insulation defects in electrical apparatus; rental of SCADA software, monitoring apparatus for energy supply networks, control system applications, software for monitoring faults in energy supply networks, software for evaluating supply quality, network quality, voltage quality and power quality in electrical supply networks; rental of software for the storage, visualisation, analysis and automatic reporting of meter data in electrical supply networks, software for reading measuring apparatus for electrical energy supply networks, software for storing meter data in databases; rental of software for the parameterisation of electric measuring and control technology; consultancy relating to the development of power supply networks.

Cl.9;AC/DC power supplies; cell phone battery chargers for use in vehicles; batteries for vehicles; accumulators for photovoltaic power; alkaline accumulators; car batteries; auxiliary battery packs; battery adapters; battery terminals; battery chargers for home video game machines; battery chargers for laptop computers; battery chargers for tablet computers; battery chargers for electronic cigarettes; battery compensation chargers; battery chargers for use with telephones; batteries for use in hearing aids; batteries for phones; accumulators, electric; solar cells; dc input power supplies; wireless chargers; wireless charging pads for smartphones; charging docks; joystick chargers; mobile phone chargers; chargers for smartphones; lithium batteries; lithium ion batteries; mobile telephone batteries; mains chargers; power banks; auxiliary batteries for mobile phones; fast chargers for mobile devices; solar battery chargers; battery starters; push-on accumulators; electricity storage apparatus; batteries for pocket lamps; usb chargers; uninterruptible electrical power supplies; rechargeable batteries; solar batteries for domestic use; solar batteries for industrial use; solar panel arrays; photovoltaic inverters; photovoltaic solar modules; photocells for use with security lighting; photovoltaic modules; solar energy collectors for electricity generation; solar modules; portable solar panels

for generating electricity; solar cells for electricity generation; solar panels; photovoltaic installations for generating electricity [photovoltaic power plants]; photovoltaic apparatus for converting solar radiation to electrical energy; solar panels for the production of electricity; branch boxes [electricity]; branch switches; power sources connected to audio apparatus for use in motor vehicles; apparatus and instruments for regulating electricity; apparatus and instruments for switching electricity; apparatus and instruments for controlling the use of electricity; apparatus and instruments for controlling the distribution of electricity; apparatus and instruments for regulating the use of electricity; apparatus and instruments for transforming the distribution of electricity; apparatus and instruments for regulating the distribution of electricity; apparatus for controlling static electricity; illumination regulators; limiters [electricity]; dimmers; wireless switches; electric current rectifiers; electrical charge controllers; mains monitoring apparatus (electric-); electric apparatus for commutation; electric boosters; electrical power distribution blocks; electric toy train transformers; electric breakers [switches]; electronic load modules; electronic power supplies; fault voltage breakers; fault current breakers; electric current control devices; power conditioners; direct current converters; dc/ac inverters; high-voltage power supplies; led drivers; power controllers; power relays; outdoor power relays; alternator rectifiers; manual rectifiers; miniature circuit breakers; low-voltage power supplies; piezoelectric switches; switching power supply apparatus; voltage regulators for vehicles; voltage regulators for electric power; starters for fluorescent lamps; current limiters; power regulating apparatus; current breakers; lightning arrester equipment; travel adaptors for electric plugs; panels for the distribution of electricity; alternating current adaptors; microprocessor controls; neon light indicators for use in electrical circuits; programmable logic controllers; analog signal processors; digital sound processors; electrical circuit boards; electronic control circuits; memory expansion cards; hybrid circuits; multichannel sound processors; programmable logic arrays; programmed-data-carrying electronic circuits; interface circuits for video cameras; signal processors for audio speakers; system on a chip [soc]; video circuit boards; video processors; radar antennas; aerial amplifiers; aerials; aerial sockets; aerial converters; aerial combiners; component parts for aerials; receiving antennas for satellite broadcast; radio antennas; power strips with movable sockets; signal antennas; cable connectors; connection cables; aerial cables for heavy currents; electrical cabling; electric cable connectors; flexible flat cables, electric; cable channels (electric-); insulated cable for electrical installations; cable junctions for electric cables; cable harnesses; male connectors for electrical cables; power line conditioners; joint boxes for housing cable joints; junction boxes for electric wires; converters for electric plugs; connection blocks [electric cable]; terminal boxes for electric conductors; antenna cables; bus interfaces; touch sensitive control panels; electrical terminators; adapter cables (electric-); mounting cradles [electrical]; electric actuators; connector sockets (electric-); socket outlets (electric-); electrical outlets incorporating timers; electrical receivers; electric wiring harnesses; terminal blocks (electrical connecting-); contacts, electric; couplings, electric; conductors, electric; electric light switches; domestic switches [electric]; safety relays [electric]; touch pads [electric]; electrical delay lines; electrical distributing bus bars; electrical switch timers; electromagnetic relays; electromagnetic switches; electronic memory units; touch pads [electronic]; fluorescent lamp ballast for electric lights; electronic ballasts for operating discharge lamps; electronic touch sensitive switches; limit switches; remote control sockets; radio transmitters for remote controls; radio receivers for remote controls; induction transmitters; coaxial switches; conduit couplings [electric]; load break isolators; power modules; line drivers; light-emitting diodes [led]; light sensitive relays; magnetic switches; mechanical contact switches; fuse indicators; multi-function touch buttons; organic light-emitting diodes [oled]; photocells; reed contact switches; sensor switches; fuses for telecommunication apparatus; fuses [for telecommunication apparatus]; solar wafers; starters for electric lights; lighting ballasts; tactile switches [electric]; tactile screens [electronic]; temperature control apparatus [electric switches] for vehicles; usb adapters; ballasts for halogen lamps; ballasts for electrical lighting fittings; thermal switches; overvoltage protection relays; memory expansion modules; connecting modules for electric controls; electricity inverter controllers; controllers for servo motors; electronic control instruments; adapter cables for headphones; antenna transmission wire; electric sockets; plug-in electrical connectors; electric fuse boxes; switch points [electric]; electrical transducers; electronic components used in machines; electronic miniature relays; earthing clamps; residual current apparatus; television outlets; frequency indicators; flexible sheaths for electric cables; flash memory cards; semiconductor apparatus; high voltage capacitors; integrated electronic hazard alert systems for automobiles; internal cooling fans for smartphones; insulated electrical connectors; cable adapters; ceramic fuses; terminal boxes; terminal strips; coaxial adaptors; coaxial relays; touch switches; alligator clips [electrical connectors]; light switches; light modulators; earth terminals; multi-outlet socket blocks; memory cards; level converters; optical phase shifters; photoresistors; piezoelectric actuators; crystal oscillators; repeaters for radio and television stations; round plug connectors; fuse boxes; voltage dividers; voltage limiters;

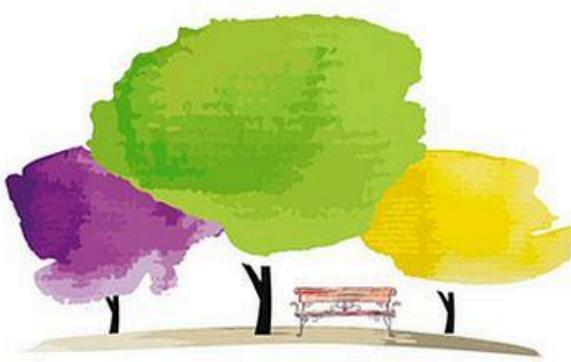

surge power boards; covers for electric outlets; temperature switches; moveable sockets; varistors; duplexers; zone plate antennas; circulators [electric or electronic components]; overload relays; electrical circuits and circuit boards; antennas and aerials as components; uninterruptable power supply apparatus; apparatus and instruments for conducting the distribution of electricity; electricity mains apparatus; regulated power supply apparatus; apparatus for improving power efficiency; dc/ac converters; dc/ac converters; instruments for distributing electrical current; charging stations for electric vehicles; scart leads; uninterruptible power supply apparatus [battery]; apparatus and instruments for accumulating and storing electricity; photovoltaic apparatus for generating electricity; apparatus and instruments for controlling electricity; electrical and electronic components; solar powered telephones; dab radios; wireless communication apparatus; radio frequency identification devices [transponders]; solar powered radios; wearable communications devices in the form of wristwatches; personal transceivers; radios incorporating clocks; usb hubs; change-over switches [for telecommunication apparatus]; radio-frequency power meters; target trackers [satellite]; alarm signaling transmitters; satellites for scientific purposes; downloadable e-wallets; interactive compact discs and cd-roms; usb flash drives; buffer memory devices; storage apparatus for computer programs; motion sensing input devices; motion controllers; all-in-one computers; wristband computer devices; cases adapted for notebook computers; cases adapted for netbook computers; computers for use with bicycles; computer touchscreens; work stations [computers]; computer hardware for games and gaming; computer hardware for the collection of positioning data; computer hardware for routing audio, video, and digital signals; computer hardware for the compilation of positioning data; computer hardware for the control of lighting; computer hardware for signal processing of audio and video; smart glasses; convertible laptops; tablet docking stations; laptop docking stations; electronic mail servers; cases for tablet computers; internet servers; flip covers for tablet computers; microchips [computer hardware]; minicomputers; thin client computers; remote controls for mobile electronic devices; money counting apparatus; electric power analyzers; virtual reality glasses; smart speakers; voice command devices; photo electron spectroscopy analyzers [not for medical purposes]; physical analyzing apparatus [other than for medical use]; photometric analyzers [other than for medical use]; flue gas analyzers; cd-rom writers; ic card readers; data exit terminals; data entry terminals; digitizer pads; electronic card readers; electronic control systems; electronic currency converters; cases for pocket calculators; cases for pdas; flash memory card readers; flash card readers; usb card readers; audio processing apparatus; ethernet cables; audio cable; coaxial cables; luminous usb cables; multifunctional remote controls; audio devices and radio receivers; 3d scanners; portable scanners; multiport controllers; home automation devices; home automation systems; mounting brackets adapted for computers; analogue power convertors; dvd burners; decoders; demultiplexer; digital signal processing apparatus; wireless keyboards; electrical amplifiers; electronic diaries; electronic interactive whiteboards; receiving terminals for signals; radio-frequency identification (rfid) tags; wireless keypads; multimedia multiplexers; optical receivers; acoustic transformers; signal decoders; home automation hubs; wearable monitors; carrying cases for cellular phones; video multiplexers; time division multiplexers; time programmers; communications equipment; signal cables for it, av and telecommunication; audio/visual and photographic devices; electronic key fobs being remote control apparatus; remote controls for operating vehicle alarms; monitoring control apparatus [electric]; electronic control sensors for motors; electronic kitchen timers; electronic timing control instruments; sound activated control apparatus for lighting installations; lighting control apparatus; climate control digital thermostats; control stations (remote, electric or electronic-); electric control devices for energy management; valves (electric controls for automatically operating -); valve operators [electric controls]; electric timers; remote controllers for controlling electronic products; home remote controls; remote controls for multimedia systems; remote control apparatus for controlling lighting; programmable timers; universal remote controls; time regulating apparatus; flow control installations [electric]; electronic controllers for servo motors; valves (electronic controls for automatically operating-); remote controls for motors; intelligent motor control devices; remote control transmitters; thermal controls; wireless remote controls for portable electronic devices and computers; process control digital controllers; digital electronic controllers; regulating apparatus, electric; electrical controls; electronic control gears [ecgs] for led lamps and light fixtures; remote control receivers; programmable controls for lighting apparatus and instruments; programmable control apparatus; sensor controllers; safety monitoring apparatus [electric]; electronic baby monitoring devices; alarm sensors; flame detectors; electric current sensors; water leakage detection alarms; temperature monitors for scientific use; electronic measurement sensors; apparatus for monitoring gas consumption; apparatus for monitoring electrical energy consumption; electronic motion sensitive switches; invader sensors; apparatus for monitoring heat consumption; apparatus for monitoring water consumption; photoelectric sensors; pyroelectric infrared sensors; temperature monitors for household use;

temperature monitors for industrial use; sensors for use in the control of engines; detectors; digital sensors; remote temperature sensors; liquid level sensors; gyro sensors using gps functions; cable locators; led position sensors; laser detectors; light sensors; measuring sensors; proximity sensors; object detecting sensors; piezoelectric sensors; sensors for measuring instruments; internet of things [iot] sensors; sensors used in meteorology; automatic solar tracking sensors; sensors for determining position; sensors for measuring speed; voltage monitor modules; voltage detectors; electric loss indicators; ultrasonic sensors; heat sensors; electronic timing apparatus; earth test leads [electrical]; test probes [electrical]; wideband phase-angle voltmeters; digital panel meters; electric current meters; power meters; millivolt meters; electrical voltage tester pens; electricity measuring instruments; wattmeters; resistance measuring instruments; digital multimeters; smart meters; electric flow meters; multimeters; temperature sensors; electronic distance meters; hydrometers; audio timers; barometers; acceleration sensors; stress gauges; decibel meters; digital measuring apparatus; wireless weather stations; pressure measuring apparatus; measuring devices, electric; electronic rain gauges; ergometers; fine dust measuring apparatus; connected bracelets [measuring instruments]; photographic exposure meters; frequency meters; level measuring machines [for surveying]; level transmitters; housings for measuring apparatus; antenna parameter measuring apparatus; time and date recording apparatus; instruments for surveying physical data; coordinate measuring instruments; body fat scales for household use; laser measuring systems; luminoflux meters; noisemeters; gauges with digital readout; optical measurement apparatus; phase angle meters; rain gauges; sound level meters; acidometers for batteries; pocket scales; ultrasonic measuring apparatus; universal timers; volumetric measuring apparatus; anemometers; thermal energy measuring apparatus; timers for automatic apparatus; mains testers (electric-); electrical test apparatus; electronic testing apparatus for use in the field of telecommunications; earth testers; apparatus for diagnosing electrical power installations; testing apparatus and instruments; voltage testers; voltage monitoring units; circuit testing instruments; audio cable testers; audio testing apparatus; continuity testers; test adapters for testing printed circuit boards; testing devices for electronic parts; testing apparatus for testing printed circuit boards; testing probes, other than for medical purposes; smoke alarm testers; portable test apparatus; resistance testing apparatus; digital function generators; insulation testers; generators (signal-); meteorological instruments; switchboard indicating lamps; vehicle speed control apparatus and instruments; light detection and ranging [lidar] apparatus for vehicles; digital indicators; drone detection systems; pressure transducers; electricity indicators; apparatus for measuring, monitoring and analyzing electricity consumption; job performance recorders; vehicle speed control systems; air traffic control apparatus; wireless controllers to remotely monitor and control the function and status of security systems; luminous indicators; light detection and ranging [lidar] apparatus; logic probes; low power microcontrollers; phase indicators; sunshine recorders; dust measuring apparatus; thermosensitive temperature indicator strips; ultrasonic transducers; transducer energizers; wind pressure gauges; wind socks for indicating wind direction; heat sensing identification indicators; satellite finder meters; measuring devices; downloadable electronic newsletters; interactive dvds; usb web keys for automatically launching pre-programmed website urls; simulation software [entertainment]; computer software for the remote control of electric lighting apparatus; computer software for the remote control of telephone sets and radiotelephony sets; computer software for controlling and managing access server applications; computer software for controlling the operation of audio and video devices; computer software designed to estimate resource requirements; test ware; computer software for time control; computer applications for automotive control; computer software for audibly controlling a computer and the operation thereof; application software to control lighting; fire detection software; computer software for the control of lighting; lighting control software for use in commercial and industrial facilities; software to control building environmental, access and security systems; machine control software; motion control software; recorded data files; computer digital maps; downloadable multimedia files; motion sensors for security lights; armbands [luminous] for protection against accident or injury; reflective clothing for the prevention of accidents; electronic personal alarm devices; articles of protective clothing for wear by motorcyclists for protection against accident or injury; anti-fogging safety goggles; safety clothing for protection against accident or injury; alarm monitoring systems; anti-theft warning apparatus; electric alarms for fire; acoustic alarms; alarm signaling receivers; burglar alarms; theft prevention installations, electric; electronic anti-theft devices, other than for vehicles; electronic anti-theft alarms, other than for vehicles; electronic burglar alarms; smoke alarms; whistles [warning apparatus]; security cameras; alarm central units; access control units (automatic-); digital door locks; smart locks; biometric locks; locks, electric; electrical access control apparatus; radio operated door lock controls; apparatus for verifying data on magnetically encoded cards; warning signs [luminous]; illuminated signposts; emergency signal transmitters; electronic doorbells featuring a camera; beacon lamps; rescue laser

signaling flares; sirens; electronic tags; electronic security tags; driver assistance systems for motor vehicles; alarms and warning equipment; access control devices; wearable activity trackers; apparatus and instruments for geolocation; dashboard mounts for navigation devices; target location apparatus [electric]; electronic devices used to locate lost articles employing the global positioning system or cellular communication networks; electronic navigational and positioning apparatus and instruments; target location apparatus [electronic]; gps receivers; cases for satellite navigation devices; global positioning systems for use with bicycles; navigation apparatus and instruments; personnel tracking devices; gps transmitters; digital weather stations; electronic instructional and teaching apparatus and instruments; led microscopes; microwave ovens for laboratory use; ultrasonic cleaning instruments for laboratory use; ovens for laboratory experiments; tv simulators for deterring burglars; magnetic agitators for laboratory use; simulators for the steering and control of vehicles; infrared optical apparatus; polarization filters; decorative magnets; demagnetizers; magnetic pens; apparatus, instruments and cables for electricity; apparatus, instruments and cables for electricity; information technology and audio-visual, multimedia and photographic devices; measuring, detecting, monitoring and controlling devices; downloadable and recorded content.

controllers; fuse indicators; measuring devices, electric; instruments for surveying physical data; digital measuring apparatus, electric; electronic instruments for the measurement of electrical parameters; measuring apparatus; electronic measuring apparatus; digital panel meters; electrical controls; computer software for use in remote meter reading; computer software for use in remote meter monitoring; shaft identification gauges; measuring apparatus for the power supply system; transducers; electronic instruments for the measurement of process parameters; digital controllers; instruments for measuring electric voltage; apparatus for measuring values of electric parameters; programmable controllers; measuring apparatus; virtual reality software; data carriers for computers having software recorded thereon; logic master modules (software); industrial process control software; computer software (recorded); software programmable microprocessors; computer buses; computer expansion boards; computer connection assemblies; computer programmes for use with structured system analysis; oscilloscope attachments for converting computers to transient recorders; computer programs recorded on circuit boards; computer programs for scientific data analysis; measuring apparatus for monitoring electrical energy supply networks; measuring apparatus for monitoring transformers; measuring apparatus for recording current, voltage or power; measuring apparatus for recording electrical consumption; measuring apparatus for recording faults in power supply networks or transformers; measuring apparatus for recording insulation faults on electrical apparatus; regulators for transformers; regulators for transformer step switches; regulators for variable electric coils; regulators for variable electrical capacities; regulators for voltages in energy supply networks; regulators for reactive power; regulators for active power; regulators for mains power supply frequency; regulators for compensating earth faults in energy supply networks; signal generators for use in electrical energy supply networks; signalling apparatus for energy supply networks; protective apparatus for use in energy supply networks; communications facilities for monitoring energy supply networks; communications apparatus and telecontrol and control equipment for monitoring and controlling technical processes; scada software; monitoring apparatus for energy supply networks; control applications; software for monitoring disruptions in energy supply networks; software for evaluating the supply quality, network quality, voltage quality and power quality in electrical supply networks; software for the storage, visualisation, analysis and automatic reporting of measurement data in electrical power supply networks; software for reading measuring apparatus for electrical energy supply networks; software for storing measurement data in databases; software for the parametrisation of electric measuring and regulating technology; automation apparatus and information technology equipment, asset management software; mobile and fixed measuring and electric regulating technology equipment; freely programmable electronic controllers; apparatus and software for monitoring and certifying electric power generating installations connected to the electricity supply network; measuring apparatus for status monitoring of elements of electrical infrastructure; measuring/regulating technology apparatus, software and telecontrol technology equipment for charging processes for electric vehicles; facilities for accumulating electrical energy; measuring transducers.

CI.14; Chronometric instruments; time clocks [master clocks] for controlling other clocks.

CI.35; Advertising, marketing and promotional services; public relations services; product demonstrations and product presentations; trade show and commercial exhibition services; loyalty, incentive and bonus programme services; distribution of advertising, marketing and promotional material; advertising, marketing and promotional consultancy, advisory and assistance services; providing and rental of advertising space, time and media; commercial trading and consumer information services; retail and wholesale services for the following goods, namely measuring apparatus for monitoring electrical energy supply networks, measuring apparatus for monitoring transformers and measuring apparatus for detecting current, voltage or power; retail and wholesale services for the following goods, namely measuring apparatus for recording electrical consumption; retail and wholesale services for the following goods, namely measuring apparatus for logging faults in power supply networks or transformers; retail and wholesale services for the following goods, namely measuring apparatus for recording insulation defects in electrical apparatus, regulating apparatus for transformers, regulating apparatus for transformer tap changers, regulating apparatus for variable electric coils, regulating apparatus for variable electrical capacities, regulating apparatus for voltages in energy supply networks; retail and wholesale services for the following goods, namely regulating apparatus for reactive power, regulating apparatus for active power, regulating apparatus for frequency in alternating current networks, regulating apparatus for the compensation of ground faults in energy supply networks; retail and wholesale services for the following goods, namely signal generators for use in electrical energy supply networks, signalling apparatus for energy supply networks, protection devices for use in energy supply networks; retail and wholesale services for the following goods, namely communications facilities for monitoring energy supply networks, communications apparatus and remote control

technology and control system facilities for monitoring and controlling technical processes; retail and wholesale services for the following goods, namely scada software, monitoring apparatus for energy supply networks, control system applications; retail and wholesale services for the following goods, namely software for monitoring faults in energy supply networks, software for evaluating supply quality, network quality, voltage quality and power quality in electrical supply networks; retail and wholesale services for the following goods, namely software for the storage, visualisation, analysis and automatic reporting of meter data in electrical supply networks; retail and wholesale services for the following goods, namely software for reading measuring apparatus for electrical energy supply networks, software for storing meter data in databases and software for the parameterisation of electric measuring and control technology; auctioneering services; business assistance, management and administrative services; accountancy, book keeping and auditing; administrative support and data processing services, human resources management and recruitment services; business consultancy and advisory services; consultancy relating to the maintenance, operation and development of power supply networks; business expertise services.

CI.37; Installation, cleaning, repair and maintenance in connection with the following goods, namely measuring, signalling, inspecting, life-saving and teaching apparatus and teaching instruments, measuring apparatus and measuring instruments; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus for recording, transmitting or reproducing sound or images, transmitters and receivers for communication purposes, network communication apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely network management control apparatus, data communications apparatus, recorded content, databases, media content and software; installation, cleaning, repair and maintenance in connection with the following goods, namely communication, networking and social networking software, data and file management and database software, media and publishing software; installation, cleaning, repair and maintenance in connection with the following goods, namely office and business applications, artificial intelligence and machine learning software, software for monitoring, analysing, controlling and running physical world operations, system and system support software, and firmware; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual and augmented reality software, web application and server software, mobile apps, and information technology, audiovisual, multimedia and photographic apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely communications equipment, data storage devices and data storage media, replicating apparatus, data processing apparatus, and data processing equipment and accessories, both electrical and mechanical; installation, cleaning, repair and maintenance in connection with the following goods, namely audio, visual and photographic apparatus, signal cables for IT, AV and telecommunication, audio vision and telecommunications, magnets, magnetisers and demagnetisers; installation, cleaning, repair and maintenance in connection with the following goods, namely scientific and laboratory devices for treatment using electricity; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus, instruments and cables for electricity, optical devices, enhancers and correctors; installation, cleaning, repair and maintenance in connection with the following goods, namely safety, security, protection and signalling devices, diving equipment, and navigation, guidance, tracking, targeting and map making devices; installation, cleaning, repair and maintenance in connection with the following goods, namely measuring, detecting, monitoring and controlling devices, scientific research and laboratory apparatus, educational apparatus and simulators, voltage regulators; installation, cleaning, repair and maintenance in connection with the following goods, namely apparatus and instruments for conducting, switching, transforming, accumulating, regulating and controlling electricity; installation, cleaning, repair and maintenance in connection with the following goods, namely controllers, transistor converters, power converters, in particular of a compact design, in particular for rail vehicles and vehicles for local public transport; installation, repair and maintenance in connection with the following goods, namely electrotechnical and electromechanical components, voltage converters, electrical transducers, direct current converters, rectifiers, current converters and electric inverters; installation, cleaning, repair and maintenance in connection with the following goods, namely idle converters, high-voltage transformers, electric measuring, signalling and inspecting apparatus and inspecting instruments; installation, cleaning, repair and maintenance in connection with the following goods, namely commutators, switches, electric, commutators for electrical components, microswitches, pressure switches, tumbler switches, lever switches; installation, repair and maintenance in connection with the following goods, namely switching apparatus, relays, electrical switchgear and contactors, sensors, resistors, potentiometers, diodes, electrical and electronic components; installation, repair and maintenance in connection with the following goods, namely electrical and electronic components, parts and assemblies for electric vehicles and rail vehicles; installation, cleaning, repair and maintenance in connection

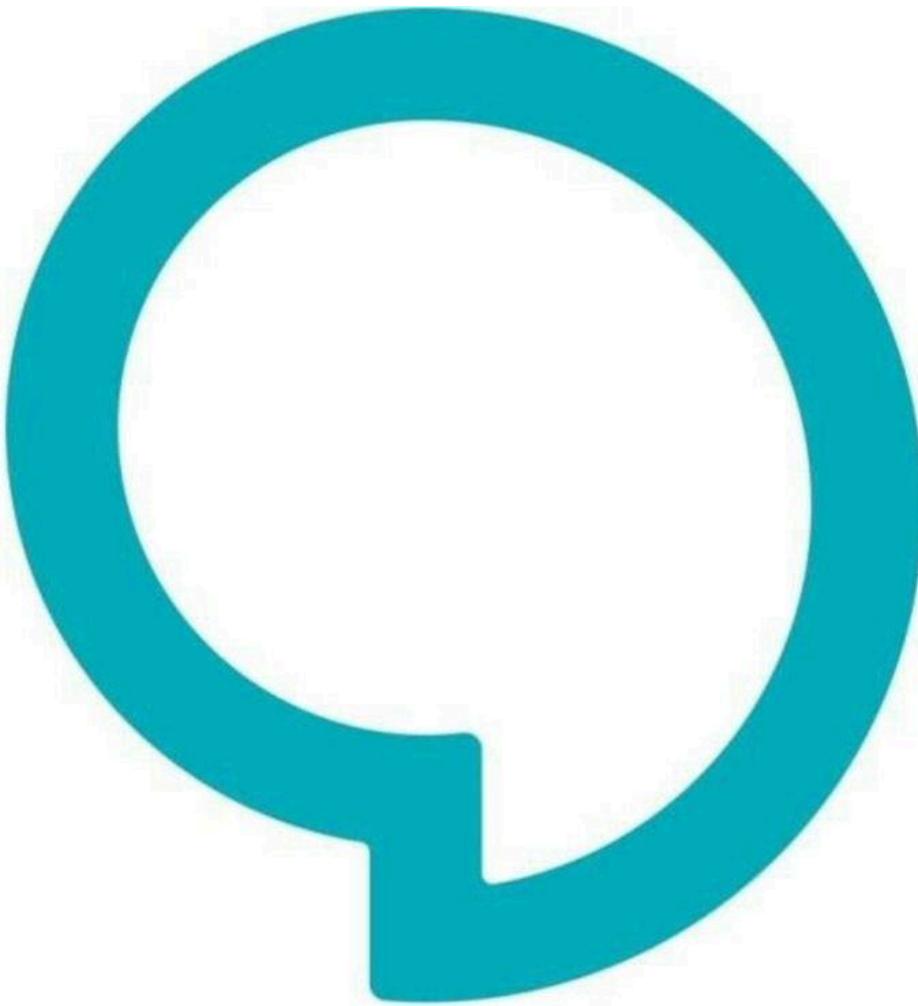

with the following goods, namely fuse boxes, fuses, grounding boxes, branch boxes, terminals, sleeves for electric cables, end caps and covers for electrical connectors, clamps for cables, plug-in connectors, plug-in connectors for electrical and electronic components; installation, cleaning, repair and maintenance in connection with the following goods, namely electric plugs, sockets and other contacts relating to electric connectors, contacts, electric, cable connectors, electrical terminal connectors; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical control boards, protective hoses and dust covers for electrical apparatus and connectors, sirens, sirens for vehicles, radio beacons, beacon lights, warning lights, safety beacons; installation, cleaning, repair and maintenance in connection with the following goods, namely devices and apparatus for collecting, receiving, processing, displaying and representing data and information, switching, monitoring, control and regulating apparatus and devices, electric batteries and accumulators; installation, cleaning, repair and maintenance in connection with the following goods, namely parts and accessories for electric batteries and accumulators, chargers for electric accumulators and batteries, commutators, energy supply installations, battery chargers, and apparatus and systems for the distribution of energy; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical, electronic, computer-based and processor-based controllers and control systems, power storage devices, programmable electronic controllers, panel meters, measuring and control apparatus, electronic controllers, fuse indicators, measuring devices, electric; installation, cleaning, repair and maintenance in connection with the following goods, namely instruments for surveying physical data, digital electric measuring apparatus, electronic instruments for measuring electrical parameters, measuring apparatus, electronic measuring apparatus, digital panel meters; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical controls, computer software for use in remote meter reading, computer software for use in remote meter monitoring, shaft identification gauges, measuring instruments for power supply systems; installation, cleaning, repair and maintenance in connection with the following goods, namely transducers, electronic instruments for measuring process parameters, digital controllers, electrical voltage measurement instruments, measuring instruments for determining the values of electrical parameters, programmable controllers and measuring apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual reality software, data carriers for computers having software recorded thereon, logic master modules relating to software, industrial process control software, computer-stored software, software-programmable microprocessors, computer buses, computer add-on circuit boards, computer connection assemblies; installation, cleaning, repair and maintenance in connection with the following goods, namely computer programs for use with structured systems analysis, oscilloscope attachments for converting computers into transient recorders, computer programs recorded on circuit boards, computer programs for scientific data analysis.

CI.40;Rental of equipment for the treatment and transformation of materials, for energy production and for custom manufacturing; rental of generators; rental of electricity generators; electricity generating; consultancy services relating to the generation of electrical power; rental of the following goods, namely electricity generators.

CI.41;Education and instruction; publishing, reporting, and writing of texts; training, education, entertainment and sporting activities; organisation of conferences, exhibitions and competitions; audio, video and multimedia production, and photography; sports and fitness; rental services relating to equipment and facilities for education, entertainment, sports and culture; library services and rental of entertainment media; rental of audio/visual and photographic equipment and facilities; live performance services; translation and interpretation; ticket reservation and booking services for education, entertainment and sports activities and events.

CI.42;Computer programming and software design; creation, maintenance and adaptation of software; software creation; maintenance and repair of software; software development services; services for the design of electronic data processing software; computer software technical support services; software engineering; software customisation services; IT services; software development, programming and implementation; computer hardware development; hosting services and software as a service and rental of software; rental of computer hardware and facilities; IT consultancy, advisory and information services; IT security, protection and restoration; data duplication and conversion services, data coding services; science and technology services; rental of science and technology equipment; medical and pharmacological research services; engineering services; surveying and exploration services; architectural and urban planning services; natural science services; earth science services; testing, authentication and quality control; design services; conducting of commissioned studies for assessing the quality and stability of electrical power supply equipment; preparation of reports relating to technology; calibration services relating to electronic meters. operation, maintenance

and development of cloud-based software applications; installation, cleaning, repair and maintenance in connection with the following goods, namely network management control apparatus, data communications apparatus, recorded content, databases, media content and software; installation, cleaning, repair and maintenance in connection with the following goods, namely communication, networking and social networking software, data and file management and database software, media and publishing software; installation, cleaning, repair and maintenance in connection with the following goods, namely office and business applications, artificial intelligence and machine learning software, software for monitoring, analysing, controlling and running physical world operations, system and system support software, and firmware; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual and augmented reality software, web application and server software, mobile apps, and information technology, audiovisual, multimedia and photographic apparatus; installation, cleaning, repair and maintenance in connection with the following goods, namely electrical controls, computer software for use in remote meter reading, computer software for use in remote meter monitoring, shaft identification gauges, measuring instruments for power supply systems; installation, cleaning, repair and maintenance in connection with the following goods, namely virtual reality software, data carriers for computers having software recorded thereon, logic master modules relating to software, industrial process control software, computer-stored software, software-programmable microprocessors, computer buses, computer add-on circuit boards, computer connection assemblies; installation, cleaning, repair and maintenance in connection with the following goods, namely computer programs for use with structured systems analysis, oscilloscope attachments for converting computers into transient recorders, computer programs recorded on circuit boards, computer programs for scientific data analysis. commissioning of electronic apparatus, system integration of electronic apparatus and software; rental of the following goods, namely measuring apparatus for monitoring electrical energy supply networks, measuring apparatus for monitoring transformers, measuring apparatus for detecting current, voltage or power, measuring apparatus for recording electrical consumption. rental of the following goods, namely measuring apparatus for logging faults in power supply networks or transformers, measuring apparatus for recording insulation defects in electrical apparatus, regulating apparatus for transformers, regulating apparatus for transformer tap changers; rental of the following goods, namely regulating apparatus for variable electric coils, regulating apparatus for variable electrical capacities, regulating apparatus for voltages in energy supply networks, regulating apparatus for reactive power, regulating apparatus for active power; rental of the following goods, namely regulating apparatus for frequency in alternating current networks, regulating apparatus for the compensation of ground faults in energy supply networks, signal generators for use in electrical energy supply networks, signalling apparatus for energy supply networks. rental of the following goods, namely scada software, monitoring apparatus for energy supply networks, control system applications, software for monitoring faults in energy supply networks, software for evaluating supply quality, network quality, voltage quality and power quality in electrical supply networks; rental of the following goods, namely software for the storage, visualisation, analysis and automatic reporting of meter data in electrical supply networks, software for reading measuring apparatus for electrical energy supply networks, software for storing meter data in databases; rental of the following goods, namely software for the parameterisation of electric measuring and control technology; rental of the following goods, namely protection devices for use in energy supply networks, communications facilities for monitoring energy supply networks, communications apparatus and remote control technology and control system facilities for monitoring and controlling technical processes.
